

WaterMark
Certificate No. 23448
AS 3497: 1998

5 YEARS WARRANTY

Components are Tested and Certified by NSF International under NSF/ANSI Standard 42 for material requirements only.

SPECIFICATIONS

Operating Pressure: 240-600 kPa
Operating Temperature: 5-35°C
Connects To: 1/2" Cold Water Line
Membrane Flow Rate: 16 L/h
System Outflow Rate: 3 LPM

ALKALINE WATER pH>8.5+

Our reverse osmosis systems produce alkaline and mineralised drinking water (Bottled-like Water).

AquaCo Reverse Osmosis System

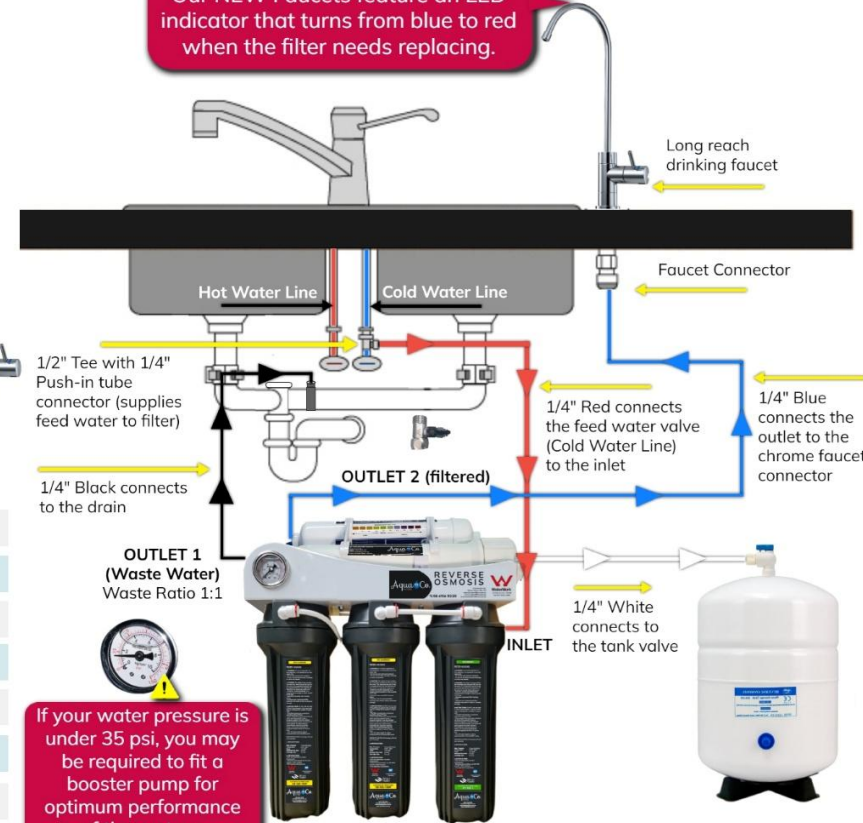

\$899* **COMPONENTS**

USA Reverse Osmosis System

\$1099* **COMPONENTS**

Our NEW Faucets feature an LED indicator that turns from blue to red when the filter needs replacing.

If your water pressure is under 35 psi, you may be required to fit a booster pump for optimum performance of the system.

Our systems are installed under your existing kitchen bench and are supplied with a chrome faucet for your filtered drinking water and a 12 L Reverse Osmosis Tank, which holds up to 9 Litres. 12 L Tank Dimensions: 244 D x 366 H mm

If you do not want a separate drinking faucet, you can upgrade your kitchen tap and get a 3 Way Mixer Tap from \$345*.

430 H x 360 W x 200 D mm

430 H x 360 W x 200 D mm

Dupont Filmtec Membrane Made in the USA, John Guest Fittings Made in the UK, and Omnipure Filter Cartridges Made in the USA.
 Components are made in High-Tech Facilities in Taiwan.

If a higher capacity is required, you can upgrade your 12 L Tank to a 18 L Tank for only \$50. 18 L Tank Dimensions: 279 D x 368 H mm (The 18 L Tank holds up to 13 Litres)

The tank fills up with water coming from the membrane at a flow rate of 16 L/h* dependant on water pressure. This tank allows you to have up to 150 litres of water instantly* dependant on tank capacity.

If height is an issue, the system and tank can go laying down.

FROM \$199*
INSTALLATION

Price may vary depending on location.
If drilling through stone is required, an extra \$50 will be charged for the diamond drill bit and insurance fee.

AquaCo Replacement Filters Bundle

USA Replacement Filters Bundle

Note: Filters are recommended to be replaced every year. However, not all filters are replaced at once. This is because each filter has a different life span.

UPGRADE TO 3 WAY TAP

to avoid drilling a hole through your stone/wood bench.

3 Way Mixers w/ Round Tip

Note: In 3 Way Mixers, filtered water has an independent nozzle in the spout. Therefore, filtered and unfiltered water never mix.

This faucet is Tested and Certified by NSF International against NSF/ANSI 42, 58 for materials and structural requirements

COMPONENT

Certified to NSF/ANSI 61

Instead of having a separate faucet for filtered water, consider having a 3 Way Mixer to avoid drilling a hole through your stone/wood bench.

3 Way mixers have a long lever for hot and cold, and a short lever for only filtered water.

In 3 Way Mixers there are separate tubes inside the faucet, so there's absolutely no mixing of sources.

Note: Our NEW Chrome 3 Way Mixers feature an LED indicator that turns from blue to red when the filter needs replacing.
